

Timeless Tulips Box Card Instructions

White Embossing Powder
Emboss Buddy
Scissors
Highland Heather Ink
Gorgeous Grape Ink
Garden Green Ink
Tear n Tape

Products Used

1 x A4 Crumb Cake Cardstock
1 x A5 Rich Razzleberry Cardstock
1 x A4 Whisper White Cardstock
1/2m Burlap Ribbon

Supplies Needed

Trimmer/Scorer
Timeless Tulips Stamp Set
Tulip Builder Punch
Basket Weave Embossing Folder (Annual Catalogue)
Versamark Ink
Heat Tool
Sponge Dauber
Rich Razzleberry Ink
Old Olive Ink
Tombow

To make the Box

CUT the Crumb Cake piece to measure 10.5cm x 29.7 (the full length of the long edge)

SCORE at 7, 14, 21 and 28cm down from the long 29.7cm edge.

SCORE at 7cm down from the short 10.5cm edge.

CUT down the 3.5cm score lines to create 4 flaps for the box edge and cut remove the small edge piece which measures 3.5cm x 1.97cm

CUT a piece of crumb cake to measure 6cm x 10cm from left over scrap.

SCORE at 1.5cm at both ends and **CUT** down the middle at 3cm (see below)

EMBOSS the Box base with the basket weave embossing folder. Fold the flaps of the box onto the box base (see below) and feed one half of the box through the Big Shot with the platform and a clear plate.

Rotate the box base to emboss the other half (see above).

REINFORCE folds and **GLUE** the end flap to create your box. **REINFORCE** all your creases by flattening your box on every crease.

GLUE the internal pieces in place at approx 1/3 and 2/3 spacing inside the box.

NOTE: put glue (I used tombow) on one end of the insert and glue in place. Add tombow to the other end and then flatten the box and it will stick it in the perfect position on the opposite side of the box.

TO MAKE THE TULIPS

You need to stamp at least 6 large tulips, 4 medium tulips and 3 small tulips and various leaves. I stamped the smaller tulips and leaves which do not coordinate with a punch and **HAND CUT** them out.

You are using Highland Heather, Gorgeous Grape and Rich Razzleberry Ink to stamp the tulips.

INK up the tulip stamp with your chosen colour (lighter is better, I used Highland Heather) and then using a dauber, add a little of a darker colour using a sponge dauber. You can create many different colour combinations and they are all lovely. Experiment onto your whisper white piece of A4 and use your preferred ones. (See below).

NOTE: When using the largest tulip stamp and leaf which coordinate with the punch you need to position the stamped images onto the cardstock so you can get the most economical punch out and without punching other stamped images.

NOTE: Stamp the tulip and leaf at the top and bottom of your sheet of whisper white close to the edge to make punching easier.

You are using Old Olive and Garden Green Ink to stamp the leaves.

INK up the leaf stamps in Old Olive (the lightest colour) and then using a dauber, add a little of a darker colour ink on areas of the leaf. You can use the same colour with the dauber to give a subtle deeper shade.

Once you are happy with your array of tulips and leaves you can begin layering them inside your box. We are adding them in 4 rows which include the two internal pieces, the back and front of the box. I used tombow to glue them in place, just a dot at the base of the tulip.

NOTE: Be frugal with your glue as any seeping glue could glue your box flat.

NOTE: Stick the tulips in varying heights in the box but the tallest tulips should be at the back of the box and slightly lower at the front so you can see all 4 layers of flowers.

If you wish to **GLUE** the flaps of your box in place (ouch!) you can use three dimensionals layered on top of one another to give some dimension to the box but be warned it will cost more to post as the envelope will be thicker.

STAMP your chosen greeting from the Timeless Tulips Stamp set onto Rich Razzleberry cardstock in Versamark Ink and **HEAT EMBOSS** in white embossing powder.

CUT around the greeting and make a banner for the front of the box.

WRAP your Burlap Ribbon around the box and tie in a bow. Secure with tear n tape.

ATTACH your greeting above the box.
